

<p style="text-align: center;">What do the police say</p> <p style="text-align: center;">victim: Ms Mxxxx</p>	<p style="text-align: center;">What do I say</p> <p style="text-align: center;">26-01-1985</p>
<p>Description:</p> <p>Both men 1.70 – 1.75 tall both wearing grey hooded tracksuits. One man normal build One man strong build One man apx 25 years old One man apx 30 years old Both London accents</p> <p>Forensic: Vaginal And Anal Sex Committed</p> <p>Test were conducted on exhibits SEJ/8, AH1/1, MO/7 and DHW/1 these produced a PGM reaction for (1+) and no results were obtained for the GLO tests. Semen found on Mxxxx's pants (MO/7) gave a reaction for a secretor. ABO group A and GLO 2-1. Semen mixed with blood DHW/1 gave a reaction for PGM (1+).</p> <p>Alleged Accomplice:</p> <p>Duffy gives a good account of this attack with remembered detail and fully admits his involvement.</p>	<p>This would put both men at between 5.5” and 5.6”, Duffy is 5.4” and I am 5.11” this height difference would be quite a noticeable feature. At this time I did not own a grey hooded tracksuit I purchased one in mid 1985 when I joined the Simon Lou Martial Arts Academy and it was their <u>Club Uniform</u>.</p> <p>Once again E Harris (forensic scientist) has tried to cover all bases for the police and not exclude me. E Harris states: These items show –</p> <ol style="list-style-type: none"> 1) It could <u>not</u> be from Duffy or Mulcahy or 2) The semen failed to give any grouping reaction so it could be from any male. <p>If nothing was found to implicate me (and how could it), I should have been excluded not given such a catch all statement that makes every male guilty.</p> <p>All exhibits were later destroyed by police so no further tests could be conducted, and my Defence Team was never given that chance to prove my innocence.</p> <p>He has read all the available statements given to him by the police and kept them in his possession between interviews (sometimes for weeks) But still he can't get the details right as his account differs in many areas from the victims account.</p>

He adopts a generic style for the attacks and fills in the blanks from statements.

Obviously no conclusive evidence could be presented against me apart from the lying alleged co – defendant that I had any part in the terrible crime.

No fingerprint, No evidence apart from Duffy.
