

<p>What do the police say</p> <p>victim: Ms Cxxxx</p>	<p>What do I say</p> <p>03-06-1984</p>
<p>Description: The victim stated two attackers, one 5’8” one 5’4”. Northern accents. Wearing balaclava Masks.</p> <p>Forensic: Vaginal Anal Oral Sex Committed Numerous items were submitted for tests. Semen was found on exhibit HHS/2. “No result was found.”</p> <p>Semen was also found on exhibit HHS/22. “No grouping tests were carried out on this staining.”</p> <p>A Mixed DNA Profile was obtained from the crutch area of HHS/22 --- Semen Matched that of Duffy and the victim. Semen was also found on HHS/20 and WN/1 these were all a Match to Duffy in the region of one to 115 Million.</p> <p>Alleged Accomplice: Duffy stated that he saw the victim from his car prior to the attack. Duffy embellished the story to include seeing the victim again as she fled the scene.</p> <p>Duffy also stated that Silver exhaust tape was used to gag the victim.</p>	<p>These heights fit me and Duffy, but neither of us has Northern accents!</p> <p>If Semen was found, why can no result be found?</p> <p>Why when the forensic laboratory had a possibility to find evidence, did they not carry out tests on the staining?</p> <p>It is stated that there is the presence of at least two peoples DNA on the exhibit unidentified, but the forensic scientist E. Harris said this finding is “In my opinion of no evidential value.” I fully expect had any part of that Mixed DNA Matched me, they would have found it of evidential value. If DNA from another source was found, then why have they not found who it belongs too? And as no Match was made to me, I should be excluded!</p> <p>Duffy came up with this version after police supplied him with all statements and maps etc, so that Duffy could make up a version to suit known facts.</p> <p>Black electrical tape was found near the scene and recovered as evidence. After reading files supplied by police Duffy changed this Silver exhaust tape to Black Electrical tape to suit the available evidence.</p>

Obviously no conclusive evidence could be presented against me apart from the lying alleged co-defendant that I had any part in this terrible crime
